TO DELINQUENTS

Several Hundred Dollars Are Due the DEMOCRAT

Like any other business institution we have our bills to pay and we have no source of revenue other than the DEMOCRAT. Therefore we must insist on all who owe us paying promptly.

In a few days we are going to send statements to those owing us and we will not send them out for fun, but because we want the money. If you do not want one of these better send in what you owe at once. Don't think that just because the amount is small you will wait. Should 500 persons each pay one dollar, and there are more than that number owing us that and a larger amount, we would then be in a position to make some needed improvements. We have earned the money once, now do not make us earn it again in collecting it, but be prompt to pay. A friendly rivalry as to who will pay most promptly, is what we would like to see. Don't forget that you will get an urgent invitation to pay if you do not pay in a few days.

Badly Injured.

Saturday morning C. L. Drescher, of Pearceall & Drescher, took some tongue timbers to the Marshall Bros. factory and was at work at the shaping machine, and when the timber bounced, Mr. Drescher lost his balance and threw his right hand out and it came in contact with the jointing machine, which promptly made itself felt for it chewed up the two last fingers of the right hand.

He hurriedly left the shop and went to the Monroe Hospital where Drs. Hull, Ely and Brown did all that could be done for the injured member, which was to amputate the little finger and one next to it and then treat the hand just as all first class surgeons do in like cases.

Now here is an example of his thoughtfulness for his wife: He did not go home until one o'clock, because, "I don't want to spoil her dinner, I want her to eat her dinner before she knows it. How many men would have done that?"

N. O. Borders, claim agent of the Burlington Ry., was a business visitor in the city Saturday afternoon.

Refrigerator and Ice Boxes at Jaeger's Hardware at very low prices.
